**Proposal for a directive****Recital 7***Text proposed by the Commission**Amendment*

(7) Some of the most common issues faced by renewable energy project developers relate to procedures established at national or regional level to assess the environmental impact of the proposed projects. Therefore, it is appropriate to streamline certain environmental-related aspects of the permit-granting procedures and processes for renewable energy projects.

(7) Some of the most common issues faced by renewable energy project developers relate to procedures established at national or regional level to assess the environmental impact of the proposed projects. Therefore, it is appropriate to streamline certain environmental-related aspects of the permit-granting procedures and processes for renewable energy projects. ***Further, it is also appropriate to ensure that energy system operators support an efficient deployment of renewable energy projects through the procurement of flexibility services in line with the provisions of the Regulation (EU) 2019/943 and the Directive (EU) 2019/944.***
